

The Dutch Summer Dance Course 2024

General terms and conditions

Classification and selection

The selection and course classification of students is done by the artistic direction of DeDSDC. This classification is done, in the first instance, on the basis of the submitted CV and dance photo, and, in the second instance, during the start of DeDSDC. The artistic directors are permitted to transfer a participant to a different level during the entire course based on their performance.

Participation

All participants are obliged to actively take part in the classes that are a part of their level. From the moment DeDSDC starts, participants have to be in proper shape to easily complete the full course. Participants must be aware of the fact that DeDSDC is a summer course with groups acting on different performance levels and that they will be appointed to a group suitable for their personal capabilities. And that they may be asked to switch groups if their performance level is inconsistent with the level that they are appointed to.

In consultation with the artistic directors, a participant may decide to refrain from participation, if their taking part in a class or activity that is part of DeDSDC could have a negative effect on their injuries.
